

This Camera allows far end control in Zoom so your doctor can focus on the things that are important to their diagnosis. Plug the USB cable from the camera into your PC or laptop and the power cable into a power point.

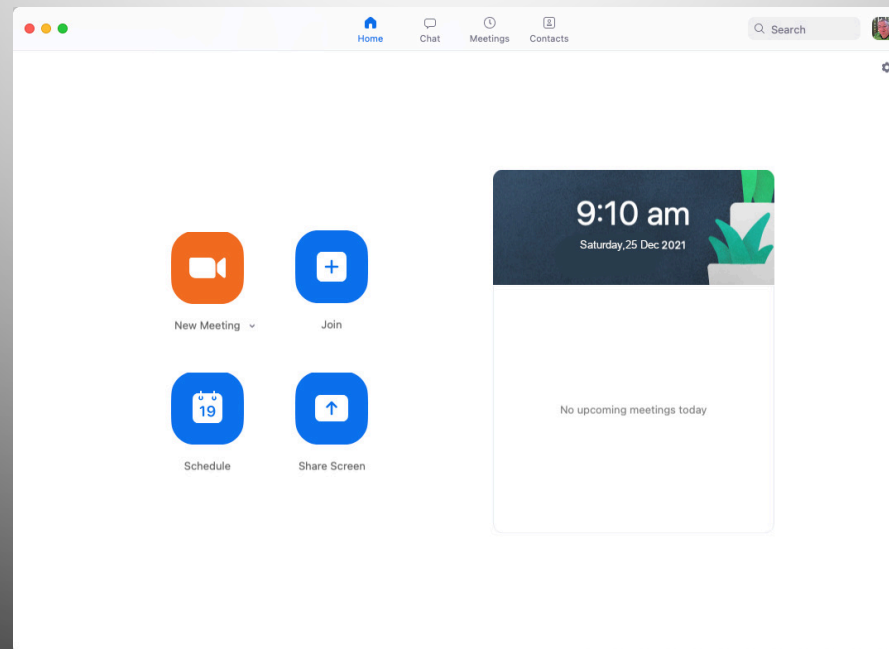

Logitech Pro 2 PTZ

Jabra 710 Integrated Microphone and Speaker System

This speaker will automatically improve the videoconferencing sound quality by blocking the noise you make being repeated back to you through the far end microphone. It will plug into a PC or laptop using the built-in USB cable or Bluetooth to connect it to your smart phone or PC

Zoom Videoconferencing Software has made telehealth simpler and easier for all members of the community
